Must Choose Successor.
Times-Dispatch Bureau.
Washington, D. C., July 1.—Not only will a successor to Senator John W. Daniel have to be chosen to sit on the National Monetary Commission, of which the Virginia senator was a member, but it will be necessary also when the Senate meets again to fill the committee places.

Senator Daniel was the second Democrat on the Senate Appropriations Committee, being outranked only by Senator Tillman of South Carolina. He was also the ranking Democrat on the Committees on Education and Labor, Finance, Expositions, Library, and Transportation Routes to the Seaboard.

It will be noted that, with the expiration of the Appropriations Committee, of which he was second man, he was the ranking Democrat on all the others in which he held membership.

TRUSTEES HOLD MEETING

Begin Work of Organization of Postal Savings Banks.
Washington, D. C., July 1.—The first meeting of the Board of Trustees, consisting of the Postmaster-General, the Secretary of the Treasury and the Attorney-General, which is to have charge of the organization and supervision over the postal savings banks, was held today in Postmaster-General Hitchcock's office. The board named a committee of departmental officers to work out the details of the system, and submit a report to the trustees as soon as possible. The committee will hold daily meetings, and another meeting of the trustees will be held in a few days.

It was said that the board probably would not be ready for some time to take up the matter of designating depositors. Applications have been received from a considerable number of banks throughout the country, asking that they be made government depositories for postal savings funds, and from a number of postmasters requesting that their offices be made postal savings banks.

At the following places, among others, the postmasters have asked to have their offices given the benefit of the postal savings bank system: Louisville, Lexington, Lancaster, Frankfort, Owensboro, Danville and Lebanon, Ky., and Galveston, Tex.

Theodore L. Weed, chief clerk of the Post-Office Department, was made secretary of the Board of Trustees.

The committee to work out the details of the system was named as follows: all of them being connected with the Post-Office Department: H. H. Thompson, Superintendent of the Division of Finance, chairman; Bayard Wyman, Superintendent Division of Postmasters' Appointments; Basil Miles, Superintendent Division Foreign Mails; James B. Cook, chief Division of the Inspection; C. H. Fullaway, Assistant Superintendent Division of Finance; C. G. Thomson, Superintendent Division of Supplies; and George G. Kimball, post-office inspector.

Chicago, Ill., July 1.—Charles M. Spore, one of the jurors who held out for acquittal of Leo O'Neill Brown, the legislator charged with bribery, died today in a suit for \$10,000 against the State's Attorney Wayman today. The sum named is sought as damages for alleged slander and libel. Wayman in interviews is said to have accused Spore of "chaffing" the jury and of winning over younger and more impressionable members of the jury. The State's attorney is also charged with stating in an interview that the jury was "fixed."

A ZELAYA RUMOR

Washington, D. C., July 1.—A rumor reached the State Department today that a person closely connected with former President Zelaya, of Nicaragua, had recently purchased a ship called the William Colby, of 150 tons register, and sent her to Norfolk, Va. The rumor is reported to have been started on June 26 for a destination west from Norfolk. the Atlantic Deepwaterways Association, has issued a call for the third annual convention of the organization at Providence, R. I., August 31 to September 3. The call announced that President Taft and the Governors of the States along the Atlantic seaboard have accepted invitations to participate in the convention. FRAU WEBER IS SUICIDE

Woman Charged With Incest Husband's Murder.

Allenstein, East Prussia, July 1.—Frau von Schoenbeck Weber, who has been on trial for a month charged with complicity in the murder of her husband, an army officer, attempted suicide today by opening the veins of her wrist. The wounds were serious, but the physician hopes to save her life.

Major von Schoenbeck was killed Christmas Eve, 1908, by Captain von Goeben, who subsequently confessed, saying he had been infatuated with the woman, and by her influence to murder the husband. The captain afterward took his own life.

Shortly before her trial, which opened June 6, Frau von Schoenbeck married a second husband, a well-known artist in Berlin. During the criminal proceedings the accused exhibited signs of insanity, and her mental state has been made the subject of a special inquiry.

The case has excited national interest, because it brought into prominence the social conditions existing at the garbisons in this and other cities of Germany.

COMPLAINT FILED

Soldiers Are Charged With Mutilating Negro.

Washington, D. C., July 1.—State's Attorney Waters, of Rockville, Md., today lodged formal complaint with the War Department against the two unknown soldiers, presumably belonging to the engineer battalion, on its way from Washington barracks to Gettysburg, of maltreating and mutilating Henry Stewart, a negro, near Gettysburg last Sunday.

Mr. Waters submitted affidavits describing the alleged outrage, and the papers have been forwarded by the War Department to the military commission at Gettysburg, with instructions to identify the culprits if possible.

If the men are discovered they will be turned over to the civil authorities of Montgomery county for trial.

TO HAVE SEA PRACTICE

State Militiamen Will Be Taken Out in War Vessels.

Washington, D. C., July 1.—The State naval militia men are to be taught something of actual seamanship this summer. Plans are now being made by the Navy Department to carry out these naval maneuvers. The New England and Middle States naval militia will be taken out to sea in the battleships of the Atlantic fleet, probably during the latter part of this month, and arrangements are being made for other organizations throughout the country to take part in the practice cruises.

On the Great Lakes a squadron of seven naval militia vessels will cruise from Thunder Bay in Lake Superior, to Buffalo, N. Y., and back to Detroit, between August 8 and 16. The Wolverine will be the flagship of the squadron, while the militia from Illinois, Michigan, Ohio and Minnesota will sail along behind.

The Louisiana militia will take a cruise on the Lake de Luzon, and the Stranger along the coast of Louisiana and Texas July 16-30. The Missouri militia will navigate the Amphitrite from New Orleans to St. Louis about the same time, while the North Carolina militia will cruise by divisions from July 1 to August 14.

FEARS RACE RIOT

Mayor Will Not Allow Whites and Negroes Together.

Birmingham, Ala., July 1.—Mayor Frank B. O'Brien today announced that negroes and whites would not be allowed in the same building in Birmingham to watch the races from the prize fight next Monday. Burells are to be received at several of the theatres, and the Mayor announces that theatre managers must not prepare accommodations for both races in the same building.

The action is construed that race friction might arise during the progress of the fight, even though the negroes were quartered in the galleries.

He was running along a street with his tongue out a little when he stumbled, fell and bit off the tongue tip. The severed part was about an inch long. He was hurried to Dr. Platt's office and the operation was performed at once. Should it not prove successful, the youngster's speech, of course, will be impaired permanently.

NEGRO BOY SHOTS YOUNG COMPANION

Injured Youth Is in Critical Condition—Big Truck Shipments.

Lancaster, Va., July 1.—Several days ago some negro boys were engaged in rude play at Slabtown, a negro settlement in the Corcoran region, when Frank Corbin, aged about sixteen, shot Max Waddy, of the same age in the leg with a shotgun, inflicting so serious a wound that the injured limb had to be amputated yesterday by Dr. Stuart and Oldham. Frank Corbin saved the shot and was accidentally shot that he did not know the gun was loaded. On hearing the case, Justice Chilton sent Corbin to jail to await the action of the grand jury. The condition of the wounded boy is very critical, symptoms of blood poisoning having appeared before his leg was amputated.

William Mitchell, formerly of Essex county, but now residing at Westlands, in the extreme southeastern part of Lancaster, was arraigned yesterday for violating the local option liquor law. The evidence against him was overwhelming, and the justice imposed a fine of \$50 and imprisonment in the county jail for thirty days. Mitchell is an old offender and acquired some notoriety some twelve months ago by refusing to pay the United States revenue tax and resisting Revenue Officer Gier, when he attempted to levy on his horse and buggy for the tax. Mitchell was finally taken in charge by a deputy marshal and carried before the United States District Court at Alexandria. At his trial yesterday he was not able to produce bail and default of which he was committed to jail.

There are four negroes in Lancaster county jail, three of them being under seventeen years of age, and all except one convicted of either shooting or cutting.

William March, an old and highly respected citizen of this county, died yesterday after a long illness, at his home near Miskemmon. For many years he had been prominent in political and religious circles, being a staunch Democrat and Baptist. He was fond of public life, and frequently delivered addresses in the convention of his party and in the association of his denomination. His remains were interred today in the family burying ground, the Rev. W. E. Dunaway conducting the services.

For the past week the truckers in the northern part of Northumberland county along the Potomac River have been shipping large quantities of tomatoes to Baltimore, Washington and other Eastern markets and getting fine prices for them. This is one of the earliest and most famous tomato growing regions in Virginia, and every year the truckers there manage to ship to the market in time to command fancy prices. Last year one of the steamers carried from one wharf more than \$4,000 worth of tomatoes at one shipment.

DAYLIGHT ROBBERY

Woman Is Assaulted and Diamond Taken From Ear.

New York, July 1.—A daring daylight burglary and a brutal assault on a woman by two men, who tore a diamond earring from her ear after knocking her unconscious with a blackjack, occurred in Harlem today, and after a lively chase, in which more than 500 men and boys participated, one of the alleged burglars was caught. An angry mob stormed the prisoner on the way to the police station, where he was finally lodged and denied his guilt. The victim of the assault, Mrs. Lena Kassina, fifty-five years old, on returning to her home on West 113th Street, from a shopping trip, noticed that her door had been forced by a jimmy. Inside she found two men ransacking her apartment. One of them jumped for her and struck her with a blackjack. She was found with one of the earrings torn from her ear and with a serious cut on the head. The man arrested gave his name as "Barney Parker," and he was charged with attempted burglary.

Chicago, July 1.—The big boys in the classes of Miss Wealthy Stephen, a pretty teacher in the McKinley High School, have filed charges with the school board that she flirts with them and chews gum.

Miss Stephen has been in the service of the board of about twelve years and is considered a competent instructor. Two or three years ago she was charged with flirting with pupils, but nothing came of the charges.
